BOARD 01

Welcome.

Thank you for coming along today.

Riverside Quarter,
Canal Basin

About the proposals

We're preparing plans to bring the former Canal Basin depot back into use as a new neighbourhood, with homes, workspace, shops and a new public park along the water. These boards explain our early ideas. Please talk to the team and tell us what you think.

Our vision

01 Around 420 new homes, including affordable homes

02 A 2.5ha canalside park open to everyone

03 Space for local businesses, cafés and makers

04 Better walking and cycling routes to the station
